Designing, testing, and managing applications for Consensus platforms

- Application Development
- Application Support
- Release Management

## **Service bus and Connectivity**

Building infrastructure, extending network capacity, connecting components, and managing devices

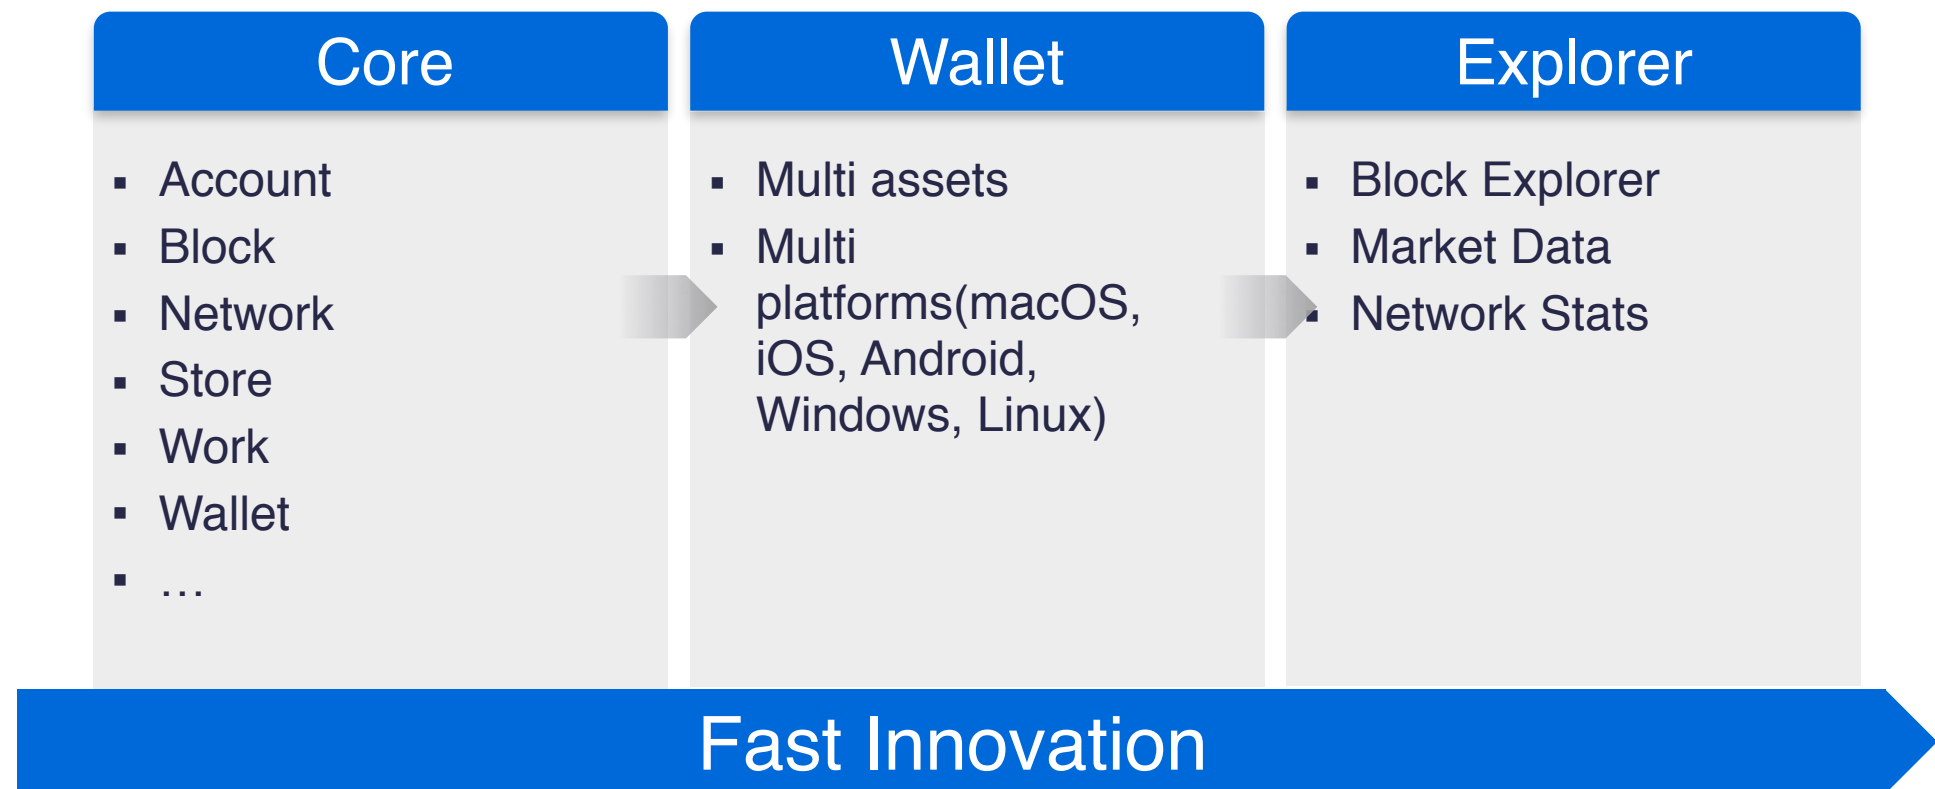

- Smart contract
- Store
- Service bus

## **Core infrastructure and wallet**

Consensus, networks, ledgers, wallet, and explorer

- Core
- Wallet
- Explorer

# Consensus Infrastructure

- Instant transactions
- Zero fees
- Infinitely scalable
- blake2b
- ed25519
- Argon2
- badger
- DPoS
- PoW

- genesiskernel
- EVM
- OTTO

- IPFS
- libp2p
- IPLD
- multiformats
- Dgraph
- wot
